

PowerTrac - BRP Integration

PowerTrac has a number of settings to allow you to share your data with BRP in order to facilitate information integration.

Here are the steps required to enable data sharing with BRP.

1. Using your web browser, login to the PowerTrac web interface.
2. Select "Dealer Administration".
3. Select "System Options".
4. Select "Data Transfers".
5. Select "BRP Options".

From this menu you can choose the types of information that you want to share with BRP.

- Upload BRP Sales Data: Select this option if you would like to share your BRP sales data.
- Enable BRP Parts Ordering: Select this option if you would like to be able to transmit your parts orders directly to BRP from PowerTrac.
- BRP Rise Trial Balance Transfer Day: If you subscribe to BRP RISE, then choose the day of the month that you would like PowerTrac to send the previous month trial balance data to Software Forge. You can also manually transmit your trial balance data whenever you like from the GL Menu.
